

Calvin Dsouza

Senior Full-Stack Developer

+91-9619356763 | dscalvin97@gmail.com | [LinkedIn](#) | [GitHub](#) | Mumbai

SUMMARY

Senior Full-Stack Developer with 5+ years of experience building scalable web products across fintech and AI-driven platforms. Delivered full-stack features across 8 products at Fynd, including Pixelbin.io and Erase.bg, and generated 100,000+ AI training images via automated pipelines. Currently leading a 2-developer team serving GCash at Snapwork Technologies.

SKILLS & EXPERTISE

Programming Languages: JavaScript, TypeScript, Python, C#, PHP, SQL, HTML5, CSS3

Frameworks & Libraries: React, Next.js, Node.js, Express.js, FastAPI, Jest, Django, TailwindCSS, Bootstrap, ObjectJS, DrizzleORM, Redux, BetterAuth, PHPUnit, Mockery, Angular, Svelte

CMS & Databases: Strapi CMS, Redis, PostgreSQL, Drupal, Contentful

Cloud & DevOps: GCP (GTM, BigQuery, Data Studio), AWS (S3, CloudFront, EC2, Lambda), Git, Docker, Docker Compose

3D Design & Tools: Blender, Unity, Substance Painter, Substance Designer, Photoshop, Illustrator, ComfyUI, Sketchfab

Dev Practices & Specializations: Agile methodologies, Cross-functional collaboration, Rapid prototyping, Multilingual content integration, SEO optimization workflows, Image generation pipelines for AI/ML training, REST APIs

EXPERIENCE

Senior Full-Stack Developer

Jun 2025 - Present

Snapwork Technologies

Mumbai, India

- Owned **end-to-end full-stack development** of an internal POC for MediCard, authored technical documentation, and ensured a smooth handover to the delivery team for full implementation.
- Designed a **rapid website deployment strategy** and executed it to ship production-ready event sites for 2 events within 3 days of receiving requirements.
- Leading a **2-developer team** delivering full-stack development services to GCash, overseeing task delegation, code quality, and timely feature delivery.
- Integrated **REST APIs** and managed **PostgreSQL** database schemas to support client-facing features across multiple Snapwork project engagements.
- Accelerated client project delivery cycles by 10x through reusable full-stack component libraries and standardized API patterns across Snapwork engagements.

3D Game Artist & Full-Stack Developer

Dec 2022 - Apr 2025

Fynd (Shopsense Retail Technologies)

Mumbai, India

- Strengthened **web infrastructure** and visual content systems, bridging 3D design and full-stack software engineering across multiple product lines.
- Engineered and deployed automated **image data pipelines** using Python, Blender, and JavaScript, generating 100,000+ captioned training images for AI/ML models.
- Spearheaded **full-stack feature development** across 8 products—including Pixelbin.io, Erase.bg, and Upscale.media—owning both frontend UI and backend services end-to-end.
- Architected a **custom Strapi CMS backend** enabling multilingual content delivery across 20+ languages and real-time updates to shared UI components without developer intervention.
- Launched **AiHeadshotGenerator.media** in under one week using a **Next.js** template; designed and built BharatDiffusion.ai, a generative AI creative platform, from the ground up.

Technologies Used: Python, Blender, JavaScript, Next.js, Strapi CMS

Map Modeler

Sep 2018 - Jun 2020

HERE Technologies

Mumbai, India

- Created a **Unity-based POC mobile application** for indoor office navigation, demonstrating feasibility for internal wayfinding use cases.
- Trained two employee cohorts on **Blender**, building internal 3D asset creation capabilities and reducing reliance on external vendors.

Technologies Used: Unity, Blender

3D Artist (Contract)

May 2018 - Aug 2018

Powerweave Studio

Mumbai, India

- Built a **POC 3D model viewer web application** using the Sketchfab Viewer API, enabling immersive, browser-based product visualization for client review.

Technologies Used: Sketchfab Viewer API

EDUCATION

Bachelor of Science in Computer Science

Mar 2023

MVLU College | Andheri

Diploma in Game Design & Development + Animate (Flash) MAAC Andheri	<i>Apr 2018</i>
Higher Secondary Certificate (HSC) St. Francis Junior College Borivali	<i>Feb 2015</i>
Secondary School Certificate (SSC) Rustomjee International School Dahisar	<i>Mar 2013</i>

KEY ACHIEVEMENTS

- Delivered 100K+ AI training images via in-house automation pipelines.
- Enabled content teams to manage website localization across 20+ languages with zero developer dependency.
- Rolled out full-stack features across 8 high-traffic web products as a sole contributor.
- Trained non-technical staff to build 3D models and pipelines, empowering decentralized design capability.
